Extra Hydrotherapy Jet(s) for 4' and 5' Rubadub Tub®. Includes plumbing & piping \$83.00/ea.

MONSTER JET – WITH 1 ½" 2-WAY PROPORTIONING VALVE: The most powerful Jet made! \$264.00
 Valve adjusts water flow between Monster Jet and Regular Jets proportionally.
 For Std. 3hp Pump with 1 ½" piping. NOTE: 4hp & 5hp Pumps require 2" valve ADD \$ 46.00

FILTER OPTIONS AND UPGRADES

Spare Filter Element- Standard 25 sq ft- for convenience when it's time to clean \$58.30

Exchange Standard 25 sq.ft. Residential Filter for 50 sq.ft. Commercial Filter.
Highly Recommended for 4hp and 5hp pumps and tubs over 8' dia.. ADD \$522.00

Spare Commercial Filter Element \$105.00

HEATER UPGRADES - Consult Factory for larger Electric Heater, Natural Gas Heaters & Propane Heaters

Extra 6k2 240V Electric Heater – recommended for larger capacity tubs \$760.00
 Reduces heat-up time; maintains temperature better

COVER UPGRADES - ROLL-UP COVER® - The Very Best structural cover made !

Made from Pacific Coastal Western Red Cedar from Northern Canada.	4'dia.	\$950.00
The Vertical Fine Grain Cedar is welded to a waterproof & vapor-proof	5'dia.	\$1499.00
insulation. The ultimate cover! Doesn't waterlog like Styrofoam spa covers!	6'dia.	\$2199.00
Rolls up – No lifting.	7'dia.	\$2890.00
Custom Sizes Also Available	8'dia.	\$4585.00*

*8' – 12' Roll-Up Covers® require a crate for shipping (ask for pricing on larger covers)

Tubside Brackets for Roll-Up Cover®. Used for free standing tubs 7' & smaller. Brackets for 8' and larger covers are not available.

Not required if Roll-Up Cover® tails are attached to existing decking or seating. \$175.00/set

ADDITIONAL HYDROTHERAPY

Air Bubbler System - 1 1/2hp 120V. For that "all over" hydrotherapy massage. Not point specific like Hydrotherapy Jets. Millions of tiny bubbles make your tub "boil", massaging your entire body. Often used by fibromyalgia and arthritis patients for relief. \$605.00

WATER TREATMENT

Our tub packages come standard with granular chlorine. Upgrade to Bromine and a Floating Bromine Feeder. Adjustable, easy to use, eliminates daily hand chlorination. Holds approx. one week supply. (Includes Bromine tablets instead of Granular Chlorine.) **Large tubs need 2.** \$30.00

CONTROLS

Historically Hot Tub controls have been either time clocks or digital electronic controls. When circuit boards fail, the customer is left with a bill of \$600 - \$1600. We believe digital electronics have no place in a moist, sometimes acidic, environment. *We recommend pneumatic switches.*

Remote Pneumatic Air Switch Kit – For safe On/Off or Alternate Control (Hi/Lo) of electrical devices from within your tub. Use one for each electrical device you wish to control. XP-100 \$145.00/ea.

Kit order processing time varies. Some product may be limited – sale prices limited to stock on hand. Substitutions may be necessary. Sales tax is charged when applicable. Shipping is FOB Buffalo, MN (freight collect). **Prices subject to change without notice.**
